INFORMATION TECHNOLOGY

balmacedamico09@gmail.com | +63 994 158 6734 | Upi, Gamu, Isabela

PROFESSIONAL SUMMARY

BS Information Technology graduate with hands-on experience supporting users, resolving software and web application issues, documenting workflows, and maintaining accurate digital records. Developed and deployed the CollegeBound Admission Test System and assisted staff during live operations. Currently supports data and office workflows at DTI-Isabela. Adaptable, patient, and quick to learn new software, with communication and a service-oriented approach.

WORK EXPERIENCE

Web Development Intern at MIS Office

Isabela State University – Ilagan Campus | January–April 2026

- Developed and deployed the CollegeBound Admission Test System for actual school operations.
- Assisted staff users with system navigation, questions, and issue resolution.
- Tested features, troubleshoot software issues, and documented system workflows.
- Maintained accurate database-driven records using PHP and MySQL.
- Gathered user feedback and coordinated with the MIS team to improve the system.

Government Intern (GIP) – BDD

Department of Trade and Industry – Isabela Provincial Office | September–Present

Encode and validate Excel records, prepare documents, organize digital files, and coordinate with BDD staff to complete requests accurately.
